

RD Energy

Energy Buying Made Easy: Pricing Options, Industry Experience, Confident Decisions

RD Energy is a company that is knowledgeable, helpful and very responsive to any electric or natural gas question I have. I decided to fix both my electric and natural gas rate long term after we watched the market for a few months. RD Energy didn't badger me with phone calls, but instead eventually emailed me that they felt the market wouldn't go much lower along with the reasons why. I also appreciate the fact that RD Energy is a locally owned PUCO certified broker and has been a loyal customer of my ECO Food Dealers Association member store for over 25 years. I highly recommend other ECO Food Dealers to meet and talk with RD Energy.

- Greg Ross, Granville Market

I got tired of the many phone calls and aggressive callers. RD Energy was recommended to me and I now recommend them to you. Their honest and straightforward business manner was refreshing. I like the idea of saving money and I like the idea that RD Energy helped me achieve that with competitive pricing and new buying opportunities no one else had told me about before.

**- Tom Kishman,
Kishman's IGA**

RD Energy is taking electric pricing and contracting to a whole new level. People like to shop and know that they have gotten the best deal possible. Central Ohio based RD Energy provides a unique pricing tool like none other. This innovative pricing tool provides customers with daily pricing from many of the biggest names in electricity supply. Customers view all the pricing on the **Scorecard**, pick the best price and get receive contacts in minutes.

As consumers we like to shop for the best price. RD Energy brings that capability to electric buying. We make electric pricing simple. Let us handle the confusion and hassle of choosing an electric supplier. Cut out the high pressure sales calls pushing you to agree to a price without seeing them all. The price transparency offered by our **Scorecard** provides the customer the assurance and confidence that they made the best choice in electric suppliers.

Winter has arrived and so has the cold weather and higher natural gas bills. RD Energy provides ECO Food Dealer Association members with discounted natural gas fixed rates to help stabilize prices and reduce the risk that comes with monthly variable rates. Our natural gas pricing is for both members and members employees, friends and family.

Join the growing number of businesses that have made the smart choice of teaming with the professionals at RD Energy. More and more customers depend on RD Energy for the best pricing, best service and on going energy education. GO TEAM!
